Been There. Built That.

Kings Point...Another Great Example Why ShoreMaster Is The First Choice For Marina Dock Systems

Harriet Island

Surgeon Bay

Pleasant Harbor

Harbour Point

Grand Harbor

DuSable Harbor

Kings Point needed an experienced company that could deliver a great dock system on time and on budget. That is why they turned to ShoreMaster and its versatile Galvofoam product line.

ShoreMaster is a leader in commercial projects both large and small. With ShoreMaster, you get a team with over 30 years of experience that can help you make the right decisions from the beginning to the end of a project.

With dock systems and wave attenuators available in galvanized steel, aluminum and concrete, ShoreMaster is the right solution for every site requirement.
